

LUKE'S MATCH WITH UNCAS.

THE GREAT THREE-YEAR-OLD.

fully six thousand persons flocked to the grounds of the Coney Island Jockey Club

It now appears that there is a hitch in this arrangement. McLaughlin was bound to work at C. Daly of Hartford until he was of age. Daly turned over the apprenticeship papers to the Dwyer Brothers, and as McLaughlin is only 20, they claim that he will have to remain with them another year. A conference was held yesterday at Sheephead Bay between McLaughlin, the Dwyer Brothers, and the Loring family. It was agreed that McLaughlin will finish his time with his present employers. It was also said, on good authority, that McLaughlin would remain in the stable for which he won two

The second race was for a purse of \$500 for 3-year-old fillies. The winner of any one of the yearling races was to start at 110 lbs. and the other two stakes to carry 7 lbs. extra; other winners allowed 5 lbs.; maidens allowed 1 lb.; one mile and a furlong. The starters for the first race were: the breeder's chestnut filly Gracie, by Leamington; the breeder's chestnut filly Gertie, by Belmont; the chestnut filly Carlin, by Wood; dam Camilla, 135 lbs.; M. Morris's bay filly Kitty, 3, by Battle Axe; dam Sashes; the chestnut filly Corolla, by Belmont; the filly Diana, by Glenn; dam Annie Brown; and, G. L. Lordiard's chestnut filly Queen.

A few words will describe the race. McLaughlin, Luke and Castillo on Uncas, were side by side when Mr. J. E. Smith started the race. For the start. When they passed the timer's stand only six bounds away, Luke was actually two lengths in the lead. Luke kept on drawing ahead and was at every stride, until at the end of the mile he was two lengths in the lead, going under a pole, while Uncas was doing his best. On passing the stand at the half mile Luke was about the same distance in the lead, and about the same distance in the lead, still ahead, and along the backstretch Luke began to widen the gap. At the end of the race he ran to win by twelve lengths. Uncas' stride was twelve lengths in the lead. Uncas' stride

Heat. Blarney came third, three lengths away followed by Ada Glen, Scotland, and Lottery named. Time, 1:47 1/2.

Before the start in the second heat Dan K. beat Scotland and Ada Glen by a neck. The heat was well fought throughout. In the third heat, Dan K., and Ada Glen heading the bunch at the send off, Ada cut out the work for the upper turn to the home stretch, Scotland passed her, and in the middle of the race Dan K. passed her, and a hot brace ensued with Dan K. at Ada's heels until they struck into the last furlongs, when Dan took the lead, winning by a neck. Time, 1:47 1/2.

Scotland and race a length in front of Blarney and Ada Glen. Time, 1:47 1/2.

overday of the Canadians, who were not out for the first 100 overs. On Wednesday when play stopped, faced them upon the defensive. Newhall got Kirchhoff off for 10 runs in his third over, and Godfrey was run out in the next over, after scoring 18. Eight wickets for 53 runs. Oxden and Ray played bravely for a while, but the former was bowled by Ray, who took his off stump for 4. Ray did some good work and scored 20 before surrendering his bat. His score shows several triple centuries and doubles, all being well at the time. He had earned the right to be called a batsman fairly earned. He puzzled the bowlers as the

more singles, and then lost his partner, who was bowled by Law. Four wickets for 5 runs. Gamble was then caught at point by Kessell and Godfrey, who managed to score one, and was bowled by Law. Six wickets for 7 runs.

At 5:45 P. M. stumps were drawn, and the game consequently declared a draw.

To-day the Canadian twelve will begin a two days' match with the Merion club eleven at Ardmore, and a very interesting contest is expected.

THREE-YEAR OLDS IN A TROT.

Marie Mudum was the favorite over the field. The trotters got a beautiful start for the first time in the season. Marie was in the lead. Mudum settled down to business at once, and went to the quarter in 42 seconds, a length ahead of Nutborne, with Hebe third, three lengths behind. Down the backstretch Nutborne was in the lead, but Marie was catching up. She was doing splendidly. She led to the half mile by a length in 1:23 3/4. Nutborne collied her for the third quarter, and the race home was interpreted one, and Jupiter, Norway and the dropped her lengths and a half. At the wire, Marie Mudum winning by half a length.

IN THE MOVEMENT.

Ryance, on taking the chair, said that the meeting had been called for a conference of our friends of coöperation for the purpose of organizing a Central Coöperative Board to promote the organization of coöperative societies. As he understood it, the intention was to gather together the friends of coöperation so that the principles of coöperation can be properly explained to the working men, and that the committee to constitute the Central Board should

H. Sage presented a resolution recommending the establishing of coöperative societies in this country. The resolution was adopted. The resolution brought the subject of coöperation before the meeting for approval or disapproval and he called for expressions of opinion. Several resolutions were introduced in favor of establishing the societies. John G. Phillips explained the system in England, and the resolution was passed by a unanimous vote, and also a resolution providing for the election of the Central Coöperative Board. Mr. Phillips explained that the board, if established, will have no control over the coöperative societies. It is to be merely an advisory board. In England a similar board is supported by

In company with Mr. Thomas Hughes, a visit which he says will be for the purpose of investigating the church question, he adds that it is said the growth of Roman Catholicism in the United States is creating a current of feeling there in favor of State and Church union and as a safeguard against Catholicism.

On the other hand, much of the music of this opera is very charming. Mr. Cellier is evidently a very competent musician, and in the English school, the old ballad music of England. Mr. Chappel collected in the rare volumes, running back over several centuries of song, and while Oxenford carefully reharmonized. There were some very good tunes, but they were so pure, simple and effective as Sir Henry Bishop's music, and indeed, often not unlike his style.

Wilson of the First Florida Light Artillery expects to meet the steamer from St. Augustine and receive the remains of Major-General, Torbert with military honors. It will be interesting to see the steamer at the armory until the steamer sails for New York, where it will be escorted to the point by the artillery, and probably a Masonic delegation in regalia, Gen. Torbert having been a member of the Grand Lodge of the State.

until I reached the shore, at about 2 o'clock at night, three miles south of Mosquito Inlet. I was the first to come to land, and Mr. St. Louis and I were the only ones who were not so severely affected. I ascended a hill, where I had a fall, having my legs and feet wounded. I remained lying down, just as I felt, until Monday morning, when I was able to get up. I followed the course of the beach toward the north and continued walking until 10 A. M. on Tuesday, when I arrived at a house. Here I was treated well, and ever since I reached land I have been giving thanks to the charitable people of Florida.
